

With our solidarity, goodness is complete

The Ramadan campaign reports for the year

2023 AD - 1444 AH

2023

Together, the colors have returned to the stories

Childhood stories have different beginnings, some joyful, some sorrowful, and others crushed by social, economic, and perhaps even psychological crises, due to the absence of the first nurturing figure of their innocence and happiness; “the father.”

Reality has led the Takaful, as it does every year, to launch its Ramadan campaign for 2023 under the title “With our solidarity, goodness is complete,” to continue the stories of childhood that still dream and look to the future, eagerly awaiting the joy that holds their hand and weaves with them the most beautiful chapters of goodness and giving.

Thanks to your sponsorship and donations, with your generous white hands, you have become the most honorable in completing the stories of goodness and solidarity. You have made Ramadan a new beginning for every child who has lost their provider due to circumstances beyond their control. With your support, you have brought color back to these stories and proven that you are the true people of goodness.

Your goodness has reached more than 19,850 people through specialized relief projects that Takaful has executed with precision and integrity. May Allah reward you with goodness

Simple steps brought back joy

Who would have thought that a piece of date and a touch of kindness could rearrange the chapters of a story, turning it into a tale filled with love, happiness, and mercy?

This is what happened with little “Naya,” who participated for the first time in the “Childhood Ambassadors” initiative, aimed at creating a generation that understands the concepts of social responsibility and shares in spreading kindness.

“Naya,” who participated in the distribution of dates to children during Ramadan, according to her father, was not a social child like this before. The date made her a person who feels the joy of giving. Today, we and she are proud that she is one of the childhood ambassadors.

As for little Ahmed, whose greatest wish was a bicycle to play with like his peers, he says, after Takaful gave him a bicycle: “Today, I will play a lot and help my mother carry the groceries from the market. I have a bicycle now, and this, in itself, is a great reward from Allah.”

Iftar Al Khair 2023

Takaful Association for Child Welfare held its 15th annual charity iftar, titled “With our solidarity, goodness is complete,” in the presence of representatives from political and party institutions, media, social, humanitarian, and economic institutions, as well as approximately 500 official, civilian, political, military, and religious figures, in addition to a group of scholars, judges, religious leaders, party leaders, and association members.

Takaful has instilled profound humanitarian values during the Iftar, reaffirming the importance of nurturing and developing childhood with creativity and excellence. Takaful President, lawyer Khaled Kridia, expressed heartfelt gratitude and appreciation to all those who have contributed and supported children, wherever they may be. He emphasized the Association’s unwavering commitment to the care and guardianship of orphans, vulnerable children, and their families.

Kridia also thanked everyone who responded to Takaful’s invitation and supported children who have lost their providers. “Your kindness and generosity have helped to complete the goodness in their lives and bring color back to their childhood stories.”

A Touch of Goodness in Yemen

The tragic reality in Yemen has never been far from Takaful's thoughts, and the Yemeni situation has always been a case of human solidarity and social compassion. Therefore, Takaful has implemented specialized relief projects in Yemen, and provided iftar meals, clean water, Ramadan food parcels, as well as clothing and Eid gifts to impoverished Yemeni families and their children.

Throughout these projects, Takaful has strived to stand alongside children who have suffered, and continue to suffer, the consequences of poverty and need.
